

YOUTH STUDY PATHS AND PARENTS' SUPPORT

Peer group for parents in English on Zoom

Sunday, March 7th 2021, 8 pm

Do you want to talk about how you can help your children to find their study and career paths in Finland? You are not alone. Let's find paths together!

In the peer group, you can meet other parents with the same interests and share experiences and opinions. Through an active conversation, participants can help each other during the session!

During the peer group, you will be able to discuss:

- upper secondary education options after basic education
- how to support young people in choosing study or career paths
- importance of interaction and cooperation between home and school
- what is important for parents to know when the age of compulsory education rises to 18 years

The peer group is intended for English-speaking parents with an immigrant background who have children attending a middle school or completing their primary school.

You do not need to register for the peer group in advance. You can participate in the peer group through this link: <https://zoom.us/j/97986732399>

Hope Nwosu, peer tutor of OmaPolku project, will facilitate the group. The peer group is implemented by Moniheli's OmaPolku project in cooperation with Think Africa ry.
